- **Cross strip** – direction 03/21, length 450 metres
- **Emergency Cross strip (private airfield)** – 10nm to the north, direction east/west, length approximately 700 metres, advise on CTAF if intending to use this

Communications

CTAF/Unicom: 126.7

Display Aircraft: 127.9

There are three zones for aircraft (see attached map):

- **Pink Zone for General Admission.**
- **Yellow Zone for underwing camping.**
- **Green Zone for exhibition aircraft only.** This is a **NO-GO** zone unless your aircraft is involved in the Air Spectacular aerial display, or has been included as a static exhibit.

Before landing, be familiar with which zone applies to you.

On landing:

- All aircraft are to be on the ground no later than 10.30am local time (UTC 00:00). After this time, the aerodrome will be closed to traffic other than display aircraft.
- A quad bike with a FOLLOW ME sign and flashing red light will be expecting you to line up behind it.
- If traffic is heavy close to the opening of the Air Spectacular, there may be 2 or 3 aircraft behind a FOLLOW ME bike. The Marshal will take you to the parking area and park you in turn. Follow and comply with their hand signals.
- Once parked, secure your aircraft. You will not be able to get back to this area until the Air Spectacular has concluded.
- If you are camping, indicate to the FOLLOW ME quad bike, either by displaying a yellow card or hand signals, and the FOLLOW ME bike will take you to a site. Access to this area is only restricted during the Air Spectacular.

After parking:

- A Registration booth will be near where you park your aircraft. Purchase of armbands to gain access to the Air Spectacular and pilot's Hospitality Hangar must be purchased here.
- A shuttle bus or car will take you to the terminal.
- **Do not** attempt to take a short cut across the strip or stray from the access road, as there will be pyrotechnics set up in the vicinity.
- Once the Air Spectacular starts there will be **no** access to this area.

After the Air Spectacular has concluded:

- A departure time will be provided by air traffic control. Departures will be allocated according to the information supplied by you to the Jamestown Flying Group, and based on the distance to your intended destination.
- Access to aircraft will again be by shuttle bus.
- There will be Marshals to monitor safety, and to direct aircraft.
- Taxi your aircraft into the departure queue, and follow the instructions of the departure Marshal to the access point of the strip.
- Depending on the prevailing wind, departure will be to the south via a taxiway. This will be supervised by Marshals. Alternatively, it will be to the north, via the green zone access gate and along the verge on the east side of the strip.

Re-fuelling:

- Stark Aviation (Flying Fuels) will be able to supply Avgas. This should be arranged **on arrival**, by phoning 0407 617 873.

Costs:

- There are no Landing Fees.
- Entry to the Air Spectacular is \$30 per adult/\$10 for children 6-16/Free for children under 6. This includes admission to the Jamestown Flying Group hospitality hangar.
- There are no camping fees. Portable showers and toilets will be available.
- The three-course Dinner on Saturday night is \$30 per person. Wine, beer, mixers and soft drinks will be available at the bar (NO BYO).
- Gold Passes are \$150 per person (includes prime viewing area, designated car-parking, corporate catering).

Booking:

- Bookings and pre-payment for the Air Spectacular, Dinner and Gold Passes can be made on the Jamestown Flying Group website (www.jamestownflyinggroup.com.au)
